

Chapter 8 Exercises

1. Vehicle VIN Number

Open and Review the App called “Storing Phone Numbers”. Write a similar app that stores a vehicle’s VIN number and make. Which value should be the tag?

2. Vehicle VIN Number Modification 1

Expand the VIN number application from Exercise 1 to allow your user to type in a VIN and find the make of the vehicle.

3. Vehicle VIN Number Modification 2

Expand the VIN project further by adding the ability to store the make, model, and year of the vehicle.
