

Simple Calculator:

Create the following form using an Application Window. The following should happen:

- Enter a number in each text field
- Click the Add button to add the two numbers
- Click the Subtract button to minus the second number from the first
- The result should appear in the answer box
- Click the Reset button to clear the text fields

The image shows a screenshot of a simple calculator application window. The window has a title bar with the text "Simple Calculator" and standard minimize, maximize, and close buttons. The main content area is light gray and contains the following elements:

- Two text input fields labeled "First Number" and "Second Number" are positioned at the top.
- Below the input fields are two buttons: "Add" and "Subtract".
- At the bottom, there is a text input field labeled "Answer" and a "Reset" button.
