

IF Else Practice

```
public class IfElsePractice {  
  
    public static void main(String[] args) {  
        // TODO Auto-generated method stub  
  
        int Number = 5;  
  
        if (Number == 9){  
            System.out.print("aNumber is equal to 9");  
        }  
  
        else if (Number == 7){  
            System.out.print("aNumber is equal to 7");  
        }  
  
        else if (Number == 3){  
            System.out.print("aNumber is equal to 3");  
        }  
  
        else if (Number == 15){  
            System.out.print("aNumber is equal to 15");  
        }  
  
        else {  
            System.out.print("Number is not equal to 9, 7, 3, or 15. Number is  
equal to " + Number);  
        }  
    }  
}
```
